

- Max. load: 3kg, 6kg 15kg, 30kg
- Advanced counting functions
- Check weighing with visual and sound indication
- 20 direct memories
- Auto-optimization of the average unit weight
- 4 auto-hold levels and 4 filter levels to weigh animals
- Weight accumulation, automatic tare and last weight memorisation

Characteristics:

-
- Direct USB input to PC without software (optional)
- Printer connection (optional)
- Easy-to-read display
- Stainless steel pan
- Multifunctional keyboard

Technical Data

Capacity (Kg)	3	6	15	30
Readability (g)	0,2	0,5	1	2
Multirange	No	No	No	No
Available options	RS-232 output, Bluetooth connection for PC, U.KEY cable (USB), PR4 printer with cable, PR6 printer with cable			
Tare range	100%			
Display	6 digits LCD with backlight			
Weight Units	g (Kg) , lb			
Pan dimensions in mm	294x228			
Scale Dimensions in mm	330x289x104			
Structure	High-resistance ABS			
Total Net Weight (Kg)	3,4			
Power	Adaptor DC 9V/400mA - Rechargeable battery 6V/4Ah			
Working Temperature	+5°C /+35°C
